01 PROFESSIONAL SUMMARY

Technology leader and enterprise architect with **20+ years in IT**, **16+ in executive and technical leadership**, across education, digital retail, healthcare and services. Experienced in **running entire IT areas** (budget, contracts and board reporting), **leading senior teams**, **enterprise and solution architecture**, legacy modernization, enterprise platforms, **mergers and acquisitions** and AI governance.

I work in two profiles: **technical and executive technology leadership (preferred)** or **specialization as an architect**. I am open to companies of any size and industry, and to consulting or advisory.

20+	16+	600+	48
years in technology	years in executive and technical leadership	applications under architecture governance	professionals managed within a single IT area

02 CORE COMPETENCIES

- IT executive leadership
- Enterprise and solution architecture
- Enterprise platforms (SAP, Salesforce, ServiceNow, Databricks)
- Governance, risk and security
- People and senior team management
- Modernization and digital transformation
- Mergers and acquisitions (M&A)
- Data and generative AI

03 PROFESSIONAL EXPERIENCE

YDUQS

Dec/2020 – Nov/2026

IT & Enterprise Architecture Coordinator

Education group with 1.3M+ students · team of 12 senior architects · direct interface with directors and the C-suite

- Built the **IT Master Plan 2026 – 2030** with the C-suite (AI, data, digital products and obsolescence), the basis for investment decisions.
- Set up the **enterprise architecture practice**: 600+ applications mapped, ARB, TOGAF® and ServiceNow, with a completed LeanIX POC.
- Led the architecture of **legacy modernization** and the adoption of **SAP, Salesforce, ServiceNow and Databricks**.
- Led the technology integration of **6 acquired companies** (UniToledo, QConcursos, HardWork Medicina, Newton Paiva, Edufor and Unifametro).
- Cut **content delivery cost by 90%** by migrating CDNs to Amazon CloudFront, and unified observability on Elastic.
- Architected digital products with direct business impact: hub network grown from **1K+ to 2K+** and **+30%** job opportunities for students.

Adtalem Educacional do Brasil

Oct/2019 – Nov/2020

IT Architecture Coordinator

Ibmec, Damásio and other brands · 100K+ students

- Created the **IT architecture area and the ARB**, with a reference model aligned with the acquiring group: **100% of technology purchases** reviewed.
- Led **technical due diligence and integration** in the acquisition by YDUQS, with **BRL 20M/year in IT synergies** identified.
- Led the ecosystem discovery (**150+ applications and 100+ integrations**), the basis for the integration and modernization roadmap.
- Designed an API-led integration architecture, with **−40% point-to-point integrations**.

Faculdade CETRUS

Jul/2016 – Sep/2019

IT Manager

Entire IT area · budget of up to BRL 4.5M/year · 45 contracts and 28 vendors · board reporting

- Served as technology focal point in the **Ministry of Education accreditation with a top score (5/5)**.
- Repositioned IT from reactive support to **strategic partner**, with a 30-point gain in satisfaction.
- Modernized network and infrastructure (VMware and Oracle Cloud) with **99.9% uptime**, and implemented an ISMS and continuity plan.

B2W Digital (Americanas S.A.)

Oct/2009 – Jul/2016

IT Coordinator · IT Specialist

IT Governance and Service Desk · teams of up to 48 professionals

- Led the global ITSM selection and the **ServiceNow rollout in 2012**, as one of its first customers in Brazil: **SLA from 47% to 89%** in 90 days and **BRL 1.8M/year** in savings.
- Led the IT Governance and Service Desk teams and structured a service catalog with **2.5K+ items** (IT, HR, procurement and facilities).
- Rolled out ITIL processes and configuration and asset management, with **−68% recurring incidents**.
- Led the automation committee (**−63% cost and −85% execution time**) and renegotiated contracts with **47% savings** on renewals.

Lan Designers

Aug/2007 – Oct/2009

IT Process Specialist · Support Supervisor · Support Analyst

IT process automation consulting

- Raised the **resolution SLA from 45% to 92%** in Submarino's logistics operation during the merger with Americanas, migrating **100% of accounts and resources** with no disruption.
- Automated ITIL and business processes for Deutsche Bank, Rabobank, Banco Votorantim and 3G Capital across **10+ ASK Business Desk implementations**.
- Built POC and POV environments that supported pre-sales and key-account prospecting.

Paterno Assessoria Jurídica

Jun/2006 – Feb/2007

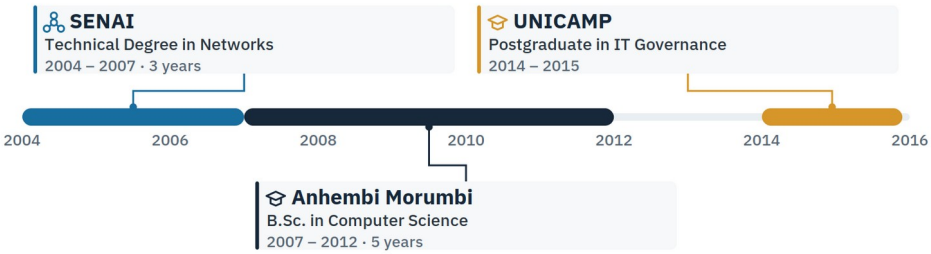

IT Support Analyst

Legal advisory and collections · contact center with 40+ seats

- Built the server and network infrastructure (Active Directory, SQL Server, DHCP and DNS) with **99.5% availability** and redundant links.
- Automated collections and correspondence data processing, with **−60% batch preparation time**.

> ***Kioske Fazendinha** · IT Intern · Jun/2004 – Mar/2006 — first IT role: business computerization, local network, website and digital campaigns.*
